Alton Wants Case Removed From Montgomery City, Mo., Jan. 1.-The NATURES PROTECTION AGAINST DISEASE Alton, through its attorneys, has filed

The preservation of health and prevention against disease is almost entirely dependent upon pure, healthy blood; every organ, tissue, nerve and sinew of the body draws on this vital fluid for nourishment and strength. Poisons, humors and germs from various sources often get into the blood, and then this great life-stream becomes a source of infection and disease, instead of a nourishing, health-sustaining fluid. Heredity is likewise an important factor, regulating the quality of the blood. Some persons are born with tainted blood from diseased ancestry, and Scrofula in one of its numerous forms is sure to crop out some time in life. Not only poisons in the blood are responsible for disease, but when the circulation is run down and becomes poor and weak in quality, then we see the effect in a general had condition of health, such as weakness, sallow complexions, boils, and various skin cruptions. All blood troubles require a tonic and blood purifier, and none other equals S. S. S. It goes down to the very foundation of the trouble, and removes every particle of the poison or impurity from the blood. And not only does S. S. S. antidote the poisons, humors and germs, but it possesses health-giving, tonic properties, which build up and strengthen weak, impoverished blood, and fortifies the system against disease. S. S. S. With Cuticura Remedies in Three Days After Six Months of Suffering.

I suffered fully six months. The trouble began on my arms in little sed plumples and is was not long before it was all over by body, limits, face, and hands. It was so but that I could not rest night or day and during the six months, I did not set a good night's alore. I decreed for three or four months and spent at least twenty dollars trying to find a cure but none could be found. Then I saw the Cutteura Remedies advertised, and the next day I purchassed some for seventy-five cents at the druggists. I used them and I was relieved of the Rehing in three days, and I have never that a riph of any skin disease since. The Cuticura Remedies are the only remedies to use for skin diseases, they have once me and they will cure others in the same way. J. W. Bloom, R. R. Teigrapher, Holloway.
